Camp Erin NYC Camper

“Camp Erin gives me a sense of purpose - being able to help kids who are dealing with all of the things I dealt with as a grieving kid. It reminds me of who I am because I am able to be completely myself for an entire weekend without any other care in the world except the kids and people around me.”

Camp Erin NYC Volunteer

“I am still processing all of the emotions that are bouncing around inside of me, but I can say without hesitation that I am forever changed from this experience.”

“Camp Erin is a wonderful place! The staff was able to get my son to do things that were outside of his comfort zone, which is a major accomplishment. Thank you!”

Camp Erin NYC Parent

“With an abundance of warm, caring adult supervision, kids who have suffered the loss of a family member enjoy the camaraderie of other kids who can relate to their unique perspective. All of this, in a little slice of summer heaven...what a gift! My son had a super positive experience that continues to resonate for him, months after camp ended. Thank you so much!”

Camp Erin New York City
“Where Children Learn to Grieve & Heal”
At Camp Wayne, August 26th-28th, 2022
A program of the COPE Foundation, Inc.
ABOUT ERIN
Camp Erin is named in memory of the Moyer’s friend, Erin Metcalf, a remarkable young woman who died of cancer at the age of 17. Erin had a compassionate heart and often expressed concern for how children would cope after the death of a loved one. Karen and Jamie honored Erin’s memory and caring spirit by establishing the first Camp Erin in Everett, Washington in 2002. Camp Erin has grown to become the largest network of bereavement camps in the country, including a camp in every Major League Baseball city.

THE CRITICAL NEED
• Due to the death of one parent, 1.5 million children are living in a single-family household. *One out of every 20 children age 15 and younger will suffer the loss of one or both parents.
• Grieving children are at a much greater risk than their peers for depression, suicide, poverty and substance abuse.

THE IMPACT
Camp Erin NYC makes a profound difference in the lives of grieving children by increasing levels of hope, enhancing their self-esteem and providing positive coping skills.

CAMP ERIN NYC ALLOWS YOUTH TO...
• Tell their story in a safe environment
• Process grief in healthy ways
• Remember, honor and memorialize those who have died
• Meet friends facing similar circumstances
• Learn they are not alone
• Build a toolbox of coping skills and resources
• Have fun!

* U.S. Census Bureau: These statistics do not account for the number of children who lose a “parental figure” such as a grandparent or other relative that provides care.
