

# BECOME A COPE CORPORATE MEMBER

Bereavement resources and support for your organization.

REGISTER TODAY

COPE is a nonprofit grief and healing organization that supports and connects grieving individuals with others facing similar losses through professionally led support groups for families, healing workshops, a grief support phone line, a bereavement camp for children and parent/caregivers, and trainings for community partners.

We offer meaningful opportunities to learn about grief's features, impact and pathways of coping and hope through the grief journey. COPE makes our resources and clinical staff available to our membership employees and create opportunities for volunteer engagement. COPE does not offer ongoing bereavement counseling for individuals.

Starting at just \$625 annually, choose a membership package that fits the needs of your corporation today!

Contact 516-832-2673/[info@copefoundation.org](mailto:info@copefoundation.org) if your organization has 500+ employees or for more information.
